### Anti-wrinkle

Anti-wrinkle injections relax facial muscles, diminishing fine lines and deep wrinkles. The end result gives you a more rejuvenated and younger looking appearance.

One area	£120
Two areas	£150
Three areas	£180

### Russian lips **£180**

A technique that raises the pink of the top lip higher, whilst the bottom lip drops lower giving a deep 'V' shaped curve toward the chin. The technique lifts the lip rather than add volume, giving a much more natural in appearance.

### Fat-dissolving injections **from £70**

This treatment is for stubborn fat areas only and fights obesity in two main ways. One by speeding up your metabolism and two, melting the fat tissues in a natural and health-friendly manner.

### Luxury microneedling

A facial to treat and improve skin conditions, such as acne scarring, fine lines and wrinkles, loose skin, skin texture, pore size, brown spots, stretch marks and pigment issues.

Per session	£90
Course of three	£200

### Lumi eyes **£130**

Lumi eyes decreases dark under-eye circles, and moisturises and fights fine wrinkles. It smooths and lifts the skin under the eyes and is clearly visible after the first treatment.
